

CROSS-FLOW CONNECTION SURVEY

Water Works, Inc. requires ALL backflow devices to be tested before the sprinkler system is put into use. Again, this is an annual requirement and is mandated by the Idaho Department of Environmental Quality. Please fill out the following survey and return it to our office.

<u>Please read and answer the following questions</u>	YES	NO	UNKNOWN
Does your property have a sprinkler system? (if NO, you need not complete the rest of the survey, just mail this in with the NO marked)			
Does your sprinkler system have a back-flow prevention device?			
I have installed the required hose bib vacuum breakers or my sill cocks do not require them (already built into device)			
I have installed the required vacuum breakers on my frost-free hydrant			
I have a backflow prevention device on my animal watering device.			

RETURN TO: Water Works, Inc.
P.O. Box 920
Rathdrum, Id 83858

NAME: _____

ADDRESS: _____

PHONE # (home) _____ **Work** _____ **Cell** _____

Email _____

(CURRENT CONTACT NUMBERS ARE NEEDED FOR EMERGENCY CONTACT IN CASE OF A WATER SAFETY ISSUE)

I attest that the above statements regarding the sprinkler and back flow devices on my property are true and correct.

SIGNED: _____

It will be your responsibility to ensure that your hose bib vacuum breakers are installed and the backflow device is annually inspected and proper testing documentation submitted to Water Works, Inc.
